REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left
By Men Who Laid the Founda-
tion of Our County.

On the 24th of April, 1885, death took from Bay View Lodge of Odd Fellows one of its oldest members, Chester P. Fox. The deceased was a son of Judge F. Fox, and while his residence in Redwood City had not been continuous, he had been identified with the interests of the town and county. A native of Michigan, where he was born in 1840, he came to this state in 1853, and until 1860 was engaged for the most of the time in farming. After this he went to Nevada and for a time was in the employ of the Overland Stage Company. Later he served as a guard at the San Quentin prison under Wardon Ames. His last work was with the Northern Pacific Express Co. A short time before his death he took a severe cold, and his system weakened by overexertion, he soon developed the dreaded white plague to which he succumbed within a short time. Members of the lodge with which he had been so long connected conducted the last sad services and all that was mortal of another respected pioneer was laid to rest in the sacred precincts of Union Cemetery.

Although there was but little contest, the Redwood City municipal election in the spring of 1885 brought out a fairly good showing of resident citizenship, a total of 233 votes being cast. John Stafford and James Stafford were elected trustees without opposition. For town clerk John W. Glennan had no opponent and received all but three of the votes cast. For town marshal A. Portal was put forward as an opponent to the reelection of John Christ, but he received but 82 votes as against 147 for Christ. J. Jacobus was elected treasurer, John Hanley assessor, and J. S. Hughes superintendent of streets.

On May 3d, 1885, Will Frisbie, for a number of years postmaster at Redwood City, and at one time one of its leading business men, died at his home near Ravenswood, quite suddenly. Death came to him as the result of an attack of paralysis of the heart. At the time of the attack he was in the act of making preparations to attend Divine services. He had suffered from attacks of a similar nature on several occasions previous to the fatal one, but had refused to consider them of a serious nature and declined to consult a physician. A member of the Masonic Fraternity, his funeral services were conducted according to the ritual of that order.

On the 2d of July, 1885, Bay View Lodge of Odd Fellows installed its officers, among whom are found some men who are still actively interested in the conduct of the affairs of the lodge. The installing ceremonies were conducted by the Grand Master of the Grand Lodge, and the officers installed were as follows: Thomas Hind, noble grand; A. Green, vice grand; B. F. Cooper, recording secretary; J. W. Glennan, permanent secretary; F. P. Chamberlain, treasurer; George H. Buck and C. Jacobus, supporters to noble grand; C. J. Hynding and H. Horton, supporters to vice grand; George W. Fox, warden; C. Evans, inside guard; E. E. Davis, outside guard. It might be of interest to call attention to the fact that these officers, J. W. Glennan is holding the same position in the Lodge at this date, although the office is now called financial secretary, while Judge Buck is one of the trustees of the lodge.

On the 15th of August, 1885, Redwood Parlor, No. 66, Native Sons of the Golden West was instituted in the lodge room of the Wahl building, with the following as its first officers: J. F. Johnston, past president; E. Elkerenkotter, president; E. N. Wilcox, 1st vice president; H. W. Schaberg, 2d vice president; C. Wentworth, 3d vice president; H. Jacobus, recording secretary; W. J. McGarvey, financial secretary; W. J. Plump, treasurer; C. Ayers, marshal; W. Belmont, inside sentinel; F. Stalter, outside sentinel; G. Elkerenkotter, C. F. Parker and G. Vasquez, trustees. The ceremonies attending the organization of the new parlor were conducted by C. W. Decker of San Mateo, the grand president of the order, who was assisted by a number of members from San Mateo and San Francisco.

Here is a notice of a business change in the community, taken from the columns of the Times and Gazette of November 14, 1885: "The Pioneer Drug Store has changed hands. Mr. A. D. Walsh, who assumes the management, has been chief clerk in the store for the last eight years. Mr. Walsh is a graduate of the College of Pharmacy of the University of California, besides being one of the most deserving popular young men in our midst because of his social qualities. Mr. Walsh has won the respect of the business community."

Mr. and Mrs. Ellis Ensor have returned from a brief visit to Los Angeles.

FORMER TANNERY EMPLOYEE GETS \$10,000 DAMAGES

In 1902 Richard Brett, an employee in the Frank Tannery, met with an accident by which one of his legs was permanently injured. Brett was working in the sole leather department of the tannery when he stepped into a hole in the floor through which a belt was running. His leg was caught by the belt and badly lacerated. Brett charged the company with negligence in not safeguarding the lives of its employees and brought suit in the San Francisco Superior Court and was given a verdict for \$5000.

The company appealed to the upper court and was granted a new trial which resulted in a verdict in double the amount given at the first trial. A second appeal was taken and the case has been in the District Court of Appeal several years. Friday a decision was rendered confirming the verdict of the lower court.

The company has not yet decided what its future action will be. It is possible the case will be appealed to the Supreme Court.

RAILROAD ESTABLISHES SCHOOL FOR MACHINISTS

SAN FRANCISCO, September 13.—There has just been established by the Southern Pacific Company in its Oakland yard, a school for the education of apprentice machinists in the mechanical class. For more than a week the school has been in full operation under the supervision of a special instructor. It is similar to other institutions at different points along the Southern Pacific lines. The tools are furnished free and the young men are made to feel absolutely at home, and are offered an opportunity to learn a trade in a thoroughly scientific manner.

A special building has been erected in the Oakland yards, fitted with desks and blackboards, and a library is maintained and operated in conjunction with the library for employees in the Flood Building in San Francisco. Arrangements have been made to give regular and systematic instruction to all apprentices. A similar building is located at Sparks, Nevada, where classes are held under the direct supervision of one of the professors in the University of Nevada.

The plan is to give apprentices instructions as to the practices in the shops and in the theory in the school room. The Southern Pacific Company is the only railroad corporation west of the Missouri river that makes such provisions for its apprentices.

Friday afternoon was devoted to arguments and at 7 the jury having been charged by Judge Doelling retired. After deliberating until 10:30, during which time some of the jurors were in favor of conviction of manslaughter, an agreement was reached to acquit the defendant.

Luscher's Automobile Destroyed. Monday night Charles Luscher's automobile was destroyed by fire near Portola. Mr. Luscher was alone in the machine at the time. He thinks the accident occurred through the wetting of the wires, causing a backfire. When the flames reached the tank there was a terrific explosion. Luscher jumped for his life and being without an extinguisher was powerless to do anything to save his machine. It was reduced to a pile of junk. His loss is about 1000, partially covered by insurance.

We aim to furnish a perfect service to our consumers, but the quality of light you get depends upon the grade of INCANDESCENT LAMPS you use and also whether or not they have outlived their usefulness.

An INCANDESCENT LAMP may burn for a very long time, but its usefulness ends when the globe becomes dark or the light grows dim. Renew your INCANDESCENT LAMPS occasionally and our service will provide you with good light.

We offer our consumers, at the lowest prices, what we believe to be the highest grade of INCANDESCENT LAMP—the Edison.
